

## VOTE

**GREG ARROWSMITH** for a more  
**inclusive, meaningful** and active  
Ents officer

→ As your Ents officer, I would foster more inclusive and worthwhile events, expanding the range of Ents events beyond big nights out. I would host larger events to catch up on what we missed this year, but also have plans in case things aren't back to normal when college returns.

→ I'm a third year politics and economics student, with experience in organising social events from my time as social secretary of the hockey club and events secretary of the sailing club.

→ I am a passionate and active campaigner for mental health, organising in-person and virtual events through both the Sailing and Hockey club to raise funds for Pieta House and Jigsaw. Ents has a huge role to play in students' mental health, both through the hosting of events which everyone enjoys, and in an advocacy role to promote awareness and fund-raising.

→ In my roles on the hockey and sailing committees, I organised weekly social events, trips to Belfast, Scotland and Newcastle, and nights out for over 400 people, including the Sh\*t Shirt Shindig in 2019, a live music event which raised €7000 for Pieta House. From these roles, I have the experience to make a range of events that everyone can enjoy happen!

# GREG FOR ENTS

## REGISTRATION

You need to register **before** voting  
opens on the **9th of March**

Register here <http://bit.ly/suvote21>

or

go to the TCDSU website -> Sabbatical race  
2021 (top right tab) -> register to vote  
Polling is from the 9th to the 11th of March

# ENTS FOR EVERYONE

## ENTS FOR EVERYONE

### EASING INTO IT MONTH

Not everyone is going to be ready to step straight into crowded nightclubs. That's why, as well as big nights out, there will also be weekly nights out which slowly ramp up, from quiet pubs to nightclubs over the course of a month. Coupled with workshops for drug use, alcohol and consent, this will get people ready to dance again!

### MORE ACCESSIBLE NIGHTS OUT

I would organise more Ents events in venues accessible for students with different disabilities, and would clearly indicate whether venues are suitable for different groups

### SOBER OCTOBER

I would organise two weeks of non-alcoholic social events, from yoga classes to film screenings, as there's more to Ents than nights out and drinking!

### NURSING, MED AND THE LIR

I'd work with class reps from these courses to organise nights out that suit their placement and different exam schedules. Also Nurses and Midwives would get free in to Ents nights out!

### SAFE NIGHTS OUT

I would run training for the Ents committee, and work closely with the Welfare Officer and venue security to make events safe and welcoming for transgender and LGBTQ+ students

# WHY VOTE FOR ME?

## MAKING UP FOR A LOST YEAR

### T-BALL 2

As Ents officer, I'd organise a massive, live music ball off-campus as soon as possible, with current 4th years invited too so that we can make up for two missed T-balls.

### SENIOR FRESHERS WEEK

I would organise a full week of nights out for 2nd years, so that they get their own freshers week and don't have to gate-crash next year's first years.

### ENTS TRIP ABROAD

I'll organise a trip to Europe, which will also be an Erasmus meetup, so that 3rd year students spread all over Europe can link up centrally for a weekend of craic to stay in touch with Trinity and their friends.

@GregForEnts

## PREPARING FOR THE WORST

### GETTING THE PAV BACK OPEN

I will work to get the Pav back open for September. This means added seating if it is with table service. Here we can host accessible, free nights out with DJ sets, live music, table quizzes and movie screenings, even if nightclubs aren't open.

### ZOOM PLAYBOOK

I'd create a zoom playbook with the best icebreakers, games and drinking games that have worked for clubs and societies. This would be shared amongst class reps and any society ents officers that want it. No more awkward Zooms!

### TRINITY SPORTS DAY

I'd organise a sports day in September, working with class reps to give each course a slot that suits them. Sack race, egg and spoon, 5-a-side, touch rugby, and most importantly, an ice-cream van!

## FOR

# ENTS

## ENTS FOR A REASON

### CHARITY NIGHTS OUT

I would use Ents to promote causes that are important to students. This would increase collaboration with clubs and societies who have particular charities close to them, and will increase attendance, as everyone loves a night out for a good cause!

### SEACHATINE NA GAEILGE

I'd use the platform of Ents to celebrate the Irish language and culture, with Céilís, Trad Sessions and pub crawls during Seachtaine na Gaeilge
