

My name is Max Lynch and I'm running to be your Ents Officer this year.

This year is going to be a tremendously important year for Trinity Ents as Ireland re-opens, I want to make sure it is safe, fun and all-inclusive for everyone.

ENTS TO THE MAX

WHO AM I?

I'm a third year computer engineering student, Captain of the Trinity Surf club and member of DUDJ.

Having organised countless nights out as well as large trips around Ireland and abroad.

I'm certain I have the necessary experience to be your next Ents Officer.

I am a mental health advocate and have worked alongside the surfclub to organise nights out and raise funds for Movember each year.

SUSTAINABILITY

ENTS FOR A CAUSE

With 20,000 Trinity students, comes the opportunity to give back! I want to work with charities throughout the year to support causes students care about.

SUSTAINABLE CHOICES

I want to work with the Environmental Officer to push the venues Trinity Ents uses to make more sustainable choices.

SINGLE USE PLASTIC

I want to lobby for the hard cup clause to remove disposable plastic cups from The Pav in favour of more environmentally friendly alternatives.

HOW TO REGISTER TO VOTE

If you want to vote for me, you need to register first! Head to bit.ly/regtovote22 now to get registered!

ENTS FOR ALL

Everyone as a Trinity student deserves a place to relax where they feel comfortable, and an event they feel excited to go to. I am going to work with societies and class reps within Trinity to ensure everyone in the college has somewhere they can go to have fun with friends.

SAFETY AND COMFORT

There's no point to an event, if people don't feel comfortable. That's why I want to work with nightclubs, societies, class reps, and members of the union to create a safe, inclusive environment next year.

One of the ways I want to achieve this is to strengthen the bond with Trinity Ents' events booker, who works for and provides security staff for Mother – an LGBTQ+ night events company, to ensure all students feel safe, comfortable and able to express themselves at our events.

ACCESSIBILITY

I'm committed to working with the Ability Co-Op and the Officer for Students with Disabilities to ensure that Ents events are as accessible as possible to all.

OFF CAMPUS REPRESENTATION

I will work with the off-campus officer, as well as class reps from the Nurses, Med students and the Lir to ensure they feel represented and have Events they're excited for!

NON-ALCOHOLIC EVENTS

It's important that everyone feels they can get involved, Ents isn't all about alcohol and nightclubs. I think by collaborating with union members and societies, we can create an exciting calendar of non-alcoholic events.

EVENTS FOR ALL

The return to clubs has been long awaited, queues are long and the clubs are packed. But, that's not all Ents has to offer; Covid restrictions forced Ents to think outside of the box when it comes to creating a fun environment for students.

I want to build on this and ensure Ents continues to offer a broad range of events. We need to continue events like the **film screenings, outdoor concerts, sports screenings and drag nights.**

THE PAV

I will work with the current Ents Officer to ensure the Pav Marquee is back for Freshers Week come September, and that it is available for events.

SAFE EVENTS

The return to nightlife in Ireland has devastatingly led to an increase in spiking cases. Everyone deserves to enjoy themselves and feel relaxed and safe on a night out. I want to ensure Trinity Ents is equipped with the knowledge and facilities to support them.

A PLAN GOING FORWARD

I will work with the Union Officers, College Staff and student groups to formulate a comprehensive plan and put in place measures to help keep students safe on nights out going forward.

FIRST RESPONSE

I will ensure all members of the Trinity Ents team undergo a comprehensive course in first response training to equip our officers with the skills to help anyone in need on a night out.

INFORMATION AND SAFETY

During fresher's week, I will work with the Welfare & Equality Officer to run daytime information sessions free of charge for students to attend, regarding safety surrounding clubbing and what to do if a student is to come in to harm.
