## Experience

My name is Sam and I am running be your next Education Officer

I am the current Commuters Officer and Social Sciences Convenor, you may know me from my brilliant speech about being from Roscommon at Comhairle, or if a Social Sciences student from my work on Erasmus and international exchange.

I am also heavily involved in my home area where I ran for county council and helped to:

- Establish a bus route between towns and villages which were locally unconnected.
- Launch a mental health project in schools which is now being considered for national launch by government.

## Goals

### 01. Erasmus/Exchange

Erasmus in Trinity is broken and needs change.

- **Grants on time, every time:** Multiple students reported long delays with erasmus grants, many of us need these grants and delays are unacceptable.
- **Choice and more choice:** We should begin allowing module front-loading, create an information hub detailing all destinations, pre-requisites, etc, and lobby schools to UPDATE VITAL OUTDATED INFO.

### 02. Student Life

Students need to be the priority on our campus!

- **STOP THE STEAL:** Students are being robbed, we must increase the T-Card discount for food options on campus increasing prices for tourists if required.
- **STOP THE STEAL (again):** We must lobby to reduce student fees and ease financial strain on students.
- **Student Spaces:** Increase the available numbers of student spaces and microwaves.

### 03. Student Experience

Our student experience and teaching methods do not reflect our status as the “number one” Irish college.

- **Push back against the amount of unpaid work/placements** in college, especially by public bodies who should support students.
- **Finally get lecture recordings across the line:** Many students miss vital material that WE are paying for and should have access to when needed.
- **Common AI guidance:** AI is not going away, we need policy for responsible use while resisting a return to purely exam based degrees and courses.
- **Modular Billing:** Work to introduce billing for individual modules to ensure flexibility for students.
- **As Gaeilge:** More Irish medium modules and more support for speakers and learners in college.
- **Investment:** Lots of equipment (especially in STEM) is outdated. We need to lobby to upgrade equipment and help students purchase what's necessary for their degree.

## TAITHÍ

Sam is ainm dom agus táim ag rith le bheith i do chéad Oifigeach Oideachais eile. Is mise an tOifigeach Comaitéirí agus an Comhordaitheoir Eolaíochtaí Sóisialta faoi láthair. B'fhéidir go bhfuil aithne agat orm ó mo chuid cainte i gComhairle faoi Ros Comáin mar gurb é an áit a rugadh mé, nó, más mac léinn sna hEolaíochtaí Sóisialta thú, ó mo chuid oibre ar Erasmus agus ar mhalartuithe idirnáisiúnta.

Tá mé an-ghníomhach i mo cheantar dúchais freisin, áit ar sheas mé i dtoghchán don chomhairle contae agus chabhraigh mé le:

- Bealach bus a bhunú idir bailte agus sráidbhailte nach raibh nasc áitiúil eatarthu roimhe sin.
- Tionscadal meabhairshláinte a sheoladh i scoileanna, atá á mheas anois ag an rialtas le seoladh go náisiúnta

## Goals

### 01. ERASMUS

Tá an córas Erasmus i gColáiste na Tríonóide briste agus tá athrú de dhíth air.

- **Deontais in am, gach uair** : Thuairiscigh roinnt mac léinn moilleanna fada ar dheontais Erasmus. Tá na deontais seo riachtanach do go leor mic léinn agus tá na moilleanna fada do-ghlactha
- **Rogha agus tuilleadh rogha**: Ba cheart dúinn tosú ligean do mhic léinn níos mó modúil a dhéanamh roimh ré, mol faisnéise a chruthú a chuireann sonraí ar fáil faoi gach ceann scríbe, riachtanais réamhtheagaisc srl., agus brú a chur ar na scoileanna EOLAIS RIACHTANACH AS DÁTA a nuashonrú

### 02. SAOL NA MAC LÉINN

Caithfear mic léinn a chur chun cinn mar phríomhthosaíocht ar ár gcampas.

- **STOP AN GHADAÍOCHT** : Tá gadaíocht ag tarlú ar mhic léinn, caithfimid an lascaine T-Card ar roghanna bia ar an gcampas a mhéadú agus praghsanna níos airde a ghearradh ar thurasóirí más gá.
- **STOP AN GHADAÍOCHT (arís)**: Ní mór dúinn troid chun táillí agus an brú airgeadeais ar mhic léinn a laghdú
- **Spásanna Mac Léinn** : Méadóimid líon na spásanna do mhic léinn agus líon na micreathonn ar an gcampas

### 03. TAITHÍ NA MAC LÉINN

Ní léiríonn ár dtaithí mar mhic léinn ná ár modhanna teagaisc ár stádas mar “An Ollscoil is fearr” in Éirinn.

- **Caithfimid seasamh i gcoinne an mhéid oibre/socrúchán neamhíochta san ollscoil**, go háirithe ó chomhlachtaí poiblí ar cheart dóibh tacú le mic léinn.
- **Caithfear taifeadadh léachtaí a chur ar fáil** : caillean go leor mac léinn ábhar ríthábhachtach atá á íoc againn agus a bhfuil ceart rochtain againn a fháil air nuair is gá.
- **Treoir choiteann maidir le hAI**: Níl an intleacht shaorga ag imeacht. Tá beartas uainn maidir lena húsáid go freagrach agus muid ag seasamh i gcoinne filleadh ar chéimeanna agus cúrsaí atá bunaithe go hiomlán ar scrúduithe.
- **Billeáil Mhodúlach** : Oibreoimid chun billeáil ar bhonn modúl aonair a thabhairt isteach chun solúbthacht níos fearr a chinntiú do mhic léinn.
- **As Gaeilge**: Níos mó modúl trí mheán na Gaeilge agus níos mó tacaíochtaí a chur ar fáil do chainteoirí agus d'fhoghlaimeoirí san Ollscoil.
- **Infheistíocht**: Tá go leor trealamh (go háirithe i STEM) as dáta. Ní mór dúinn brú a chur chun an trealamh a uasghrádú agus cabhrú le mic léinn an trealamh riachtanach dá gcéim a cheannach.
