MANIFESTO

I am standing to be elected in the University Council of the Post-graduate committee.

I would like to ensure that the views of all post-graduate students from all faculties and years are heard and represented. As a fresher, especially, I believe I can have an impartial view to the matters of the school/ Uni. I aim to improve the compatibility of the School with YOU - the student Council for an enriching Post-graduate experience.

As your representative, I would ensure that:

- YOU are heard and YOU have the freedom to express your opinion on all the matters relating to the running of the School
- YOUR needs are represented at all required forums
- YOU are given the opportunity to openly communicate with me on any matters relating to improving post-graduate experience. (Tho I am up for Hot chocolate catch-ups more or less anytime!!!)
- YOU are timely communicated, well informed and have full visibility over the decisions of the council /University.

With my prior experience on the Board and similar roles, I can ensure you of your confidence in me to deliver upon my responsibilities in the best interest of the student body (- YOU!).

I would be honored to be given the opportunity to represent YOU and ensure that the Post-Grads have a hassle-free and an enjoyable time at Trinity.
