

Leonard Pieper

**Vote me for
Graduate Studies
Committee
and
University Council**

Hi, I'm Leonard and I'm a MSc Marketing Student from Germany.

If you vote for me, I will represent the voice of the graduate students in the committees and stand up for our needs.

I see myself as a bridge-builder between all students and the professors.

I also have no problem loudly defending the student voice and making Trinity a better place for students

During my undergraduate studies I've been Vice President of the Student Parliament and member of the Faculty Council and bring the relevant experience for university committees.
